

## In-Person Critique Group

*Please note, these groups are only for PALs (Published and Listed) registered SCBWI members. This means you must be an experienced writer / illustrator with professional experience and at least one published text with a PALS registered traditional publishing house.*

If this fits your profile, please contact the Singapore ARA and she will invite you to join the appropriate critique group.

There is one **Picture Book** focused group and one **Middle Grade/Young Adult** group that meets on a monthly basis to share work and critique others in a safe, supportive and focused setting.
