Welcome to the challenge!

We are excited to begin this program for the very first year, and hope it will become a favorite for years ahead.

This class packet includes:

- A “welcome to the program” letter
- One 11”x17” full-color poster
- One B/W page of reproducible trackers so students can track their progress
- 30 “You did it” stickers

You also have access to the Southern Breeze Read Local web page where you will find author bios, book summaries, links to author websites, downloadable program materials, and completion certificates.

Feel free to read the books at your own pace (or) join the official “challenge” that runs from Sept.1 - Dec. 31, 2023. If you decide to join in, log your progress on our website for chances to win grand prizes such as - books, virtual classroom visits, etc., which will be awarded at the end of the program.

Our authors and illustrators are eager to connect with you and have worked hard to put this program together in hopes of bringing our regional community (of educators, authors, illustrators, and readers) closer together!

Stay in touch and let us know how we can be of service along the way.

Happy reading!
